Oct
14

Single Cell VDJ Sequencing

Lydia Kopplin, Institute of Molecular Medicine

Category: Method Introduction

Nov
11

Spatial multi-omic map of human myocardial infarction

Christoph Kuppe, Medizinische Klinik II

Category: Academic Talk

Dec
9

PRO-seq: nascent RNA sequencing

Roksaneh Sayadi, Institute of Biochemistry

Category: Method Introduction

Our seminar series will be in hybrid format. We will send the zoom link to the session upfront via our Newsletter. For more information about this and other events, please subscribe to our Newsletter or visit our Website:
